EDUCATION

Seattle University

Bachelor of Arts in Business Administration | Business Analytics, Marketing | Minor in Japanese
Magna Cum Laude | Achievement Scholarship, Senator Daniel K. Akaka Scholarship

Seattle, WA

June 2026

GPA: 3.7

Relevant Coursework: Machine Learning & Big Data | Applied Econometrics | Quantitative Methods & Applications | Business Statistics | Data Visualization | Programming & Data Management (SQL) | Marketing Analytics | Marketing Research

Sophia University | *Study Abroad*

March 2024 – August 2024 | Tokyo, Japan

- Coursework in international business, Japanese language, and cross-cultural management

Italy Study Tour | *Albers School of Business and Economics*

Summer 2025 | Tuscany & Rome, Italy

- Conducted country risk analysis and compared cultural heritage marketing strategies across Italy and Japan

WORK EXPERIENCE

Artificial Intelligence Intern | *Bank of Hawaii*

June 2025 – August 2025 | Honolulu, HI

- Interviewed 19 cross-functional employees to identify AI use cases, validate ideas, and uncover adoption barriers
- Built a scoring framework and Power BI dashboard evaluating 50+ current and proposed AI use cases
- Found existing Copilot capability could replace proposed builds; recommended training leadership adopted
- Presented findings to 60+ employees and senior leaders, supporting Copilot adoption and enterprise rollout

Chief Operating Officer | *Seattle U Credit Union Initiative*

January 2024 – July 2026 | Seattle, WA

- Co-founded a student-led credit union initiative pursuing state charter approval and led operations and planning
- Built a quarterly reporting system, KPI dashboards, and biweekly syncs, aligning execution across eight teams
- Drove 135% membership growth (23 to 54) through targeted outreach campaigns and institutional partnerships
- Designed and launched 4+ financial literacy events per quarter, tripling social media engagement
- Co-led venture pitches and fundraising, earning a \$20K Harriet Stephenson grand prize and \$2.5K award

Intramural Sports Manager & Official | *Seattle University*

October 2022 – June 2026 | Seattle, WA

- Trained and mentored 40+ staff, managing game crews of 4–8 officials for 64+ teams and 469 participants
- Coordinated multi-sport league and tournament operations, resolving staffing and game-day issues
- Created and edited sports content for UREC social media, supporting department engagement efforts
- Designed newsletters for internal staff, fostering stronger connection and community engagement

PROJECTS

Airbnb Pricing & Marketplace Analysis | *Tableau, Python, PowerPoint*

- Analyzed 25K+ Airbnb listings to evaluate pricing distribution, submarket trends, and host performance
- Quantified price variance across submarkets and listing types to identify gaps versus comparable units
- Developed a recommendation deck translating findings into pricing and positioning actions for hosts

Intramural Sports Participation Analysis | *Excel, Tableau*

- Analyzed intramural participation data (2018–2025) to evaluate engagement trends and involvement drivers
- Identified participation patterns by sport, season, and class year, highlighting growth and declining leagues
- Built and presented dashboards to UREC leadership supporting scheduling, marketing, and retention decisions

clarkhayashi.com | *GitHub, Vercel*

- Designed, built, and deployed a personal portfolio and brand site presenting analytics work to recruiters
